

# DISCOVER FERGUSON

Look for inspiration in our historical churches.

Since 1871, when Ferguson's first church was built, the city has been a haven for people of all faiths. Today more than 25 congregations call this community home, with nearly a dozen holding services in architecturally significant buildings. Ferguson United Methodist Church, which was founded in 1888, reflects the progressive spirit of many local churches. Soon it will expand its mission and facilities to launch a new community arts center.
